

## DESCRIPTION

**CLEANER & DEGREASER** is a heavy duty industrial and institutional cleaner. It quickly cuts through and lifts the toughest oils, greases, carbon deposits and all types of grime. Oilfield, industrial, marine, and municipal uses are virtually unlimited.

**CLEANER & DEGREASER** may be used through all types of mechanical cleaning equipment including: steam cleaners, pressure washers and automatic scrubbing machines. It may also be used in manual cleaning operations including: spray on / flush off, bucket washing, mopping and scrubbing. The special lifting action of this product will allow for easy rinsing and equipment cleaning. Formulated for use with oil separators.

## SPECIAL DILUTIONS

### General Dilution Table

USES	CLEANER & DEGREASER	WATER (parts)
Light Cleaning	1 part	50 to 80
Medium Cleaning	1 part	10 to 60
Heavy Duty Cleaning	1 part	5 to 10
Extra Heavy Duty Cleaning	1 part	3 to 5

### For Steam Cleaners and Pressure Washers

To the concentrate solution tank, add 4 to 14 ounces **CLEANER & DEGREASER** to each gallon of water. Adjust the solution tank valve to obtain amount of cleaner required for different soil conditions.

### For Automatic Scrubbers

Increase concentration of use dilution only enough to remove soil present. A 25 to 1 dilution with water is the recommended starting point.

### For Soak Tank or Ultrasonics

Use 12 ounces per gallon of water.

# DYNAMIC GREEN®
