

Provides a one-step solution to battery terminal corrosion removal and acid neutralization. Delivers a powerful, heavy-duty foam that clings to battery surfaces, provides extended contact time and neutralizes acid quickly. Helps eliminate power leaks and aids in restoring full starting power.

Features a low odor, water-soluble formula. Contains a unique color indicator that turns red in the presence of acid, then changes back to yellow when the acid is neutralized. Leaves behind a residual film that provides short term corrosion resistance.

FOR USE ON:

Fleet Cars, Trucks and Buses, Taxi Fleets, Forklifts, Construction, Agricultural and Marine Equipment, Aircraft, Golf Carts, Postal Vehicles, Industrial Battery Backup Systems.

DIRECTIONS:

SHAKE WELL BEFORE USING

Spray on cables, clamps, terminals, brackets, housings and entire battery surface. (Be sure cell covers are tightly sealed). Product will spray out light yellow and turn red in the presence of acid. Allow foam to work for several minutes, then flush off with water. Follow with a second application. If solution still turns red, acid neutralization process is not complete. Allow to set then repeat. For heavy deposits, agitation with a wire brush may be needed. If sprayed foam remains yellow... all acid has been neutralized. Allow product to dry and form residual protective film.

NET WT. 18 OZ (1 LB 2 OZ) (510 g)

REV 12/14

DANGER:

Extremely flammable aerosol. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 49°C/120°F. Dispose of waste and residues in accordance with local authority requirements.

IF ON SKIN: Wash hands after handling.

IF IN EYES: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Get medical attention if irritation develops and persists.

IF INHALED: Move to fresh air. Call a physician if symptoms develop or persists.

IF SWALLOWED: Get medical attention if symptoms occur.

CONTAINS: Water (7732-18-5), Butane (106-97-8), Sodium Bicarbonate (144-55-8), 2-Butoxyethanol (111-76-2), Propane (74-98-6) and Sodium Carbonate Anhydrous (497-19-8).

Caution: Use with adequate ventilation. Intentional misuse by concentrating and inhaling the product can be harmful or fatal.

KEEP OUT OF REACH OF CHILDREN.

Warning: This product contains a chemical(s) known to the state of California to cause cancer.

See Safety Data Sheet for complete safety information.
