

SEA - POWER™

MARINE CLEANER & DEGREASER

Meets EPA NPDES Vessel General Permit requirements
effective 12/19/13 - 2018.

LOW AQUATIC TOXICITY -

LC50 GREATER than 10 ppm

CAUSTIC FREE

PHOSPHATE FREE

NON-FLAMMABLE

NPE/APE FREE (nonylphenols)

READILY BIODEGRADABLE

NON-EMULSIFYING - Oil Water Separator Safe

FOR USE ON:

TUGS, OSV's, BARGES, OIL PLATFORMS, DRILL SHIPS, ANCHOR BOATS, ETC.

APPLY ON:

DECKS, ENGINES, EQUIPMENT, HULLS, PUMPS, CRANES, ETC.

SEA-POWER Marine Cleaner & Degreaser is an advanced water-based cleaner for use in the Maritime Industry. Using the most advanced environmentally friendly chemistry, from ingredients listed on the EPA's safer ingredients list as well as the CleanGredients list.

SEA-POWER Marine Cleaner & Degreaser's excellent cleaning results are achieved while meeting the Vessel General Permit (VGP) requirements for low aquatic toxicity.

For deck wash-downs or above the water-line hull cleaning which result in a discharge, **SEA-POWER Marine Cleaner & Degreaser** is the product of choice.

VESSEL GENERAL PERMIT (VGP) ABOVE WATER LINE/DECK CLEANING

Vessel owner/operators must minimize the introduction of on-deck debris, garbage, residue, and spill into deck washdown and runoff discharges. Before deck washdowns occur, you must broom clean (or equivalent) exposed decks or use comparable management measures and remove all existing debris. The presence of floating solids, visible foam, halogenated phenol compounds, and dispersants, or surfactants in deck washdowns must be minimized.

If deck washdowns or above water line hull cleaning will result in a discharge, they must be conducted with "minimally-toxic" and "phosphate free" cleaners and detergents as defined in Appendix A of this VGP (effective 12/19/13-2018).
